

# V-RING TOOL ATTACHMENT – DOUBLE WING, 35 LB.

DXDP710221

## BENEFITS AND FEATURES

The DEWALT V-Ring Tool Attachment Point is designed to allow the user to quickly secure tools by up to 35 lbs. (15.9 Kg) by cinching them in place, as shown in the User Manual. The stabilization wing allows the attachment to be secured to a tool using the DeWALT Tool Tape DXDP810100. Once connected, it becomes a key component to the tethering system intended to prevent the tool from being dropped and injuring an individual or damaging property.

**ADDED SECURITY:** Stabilization wing helps provided added security when taped into place using DEWALT tool tethering tape.

**HEAVY DUTY:** Designed to handle larger tools up to 35 lbs.

**DURABILITY:** Steel V-ring provides a secure, durable point for tool tethering.
