

# WIRE TOOL ATTACHMENT 2 LB.

DXDP710700

## BENEFITS AND FEATURES

The DEWALT Wire Tool Attachment has a loop end to securely connect tool lanyards to tools with small captive holes. Just loop the wire tool attachment through a captive hole on the tool and loop it back through itself to create a connection point for the tool lanyard. No taping is necessary. Once in place, it becomes a key component of a tethering system intended to prevent accidental drops that can lead to injuries and property damage.

**DURABILITY:** Polyurethane coated steel cable provides long life.

**QUICK CONNECTION:** Cinch design perfect for tools with a captive hole for attachment without the need for tethering tape.

**TETHER MULTIPLE TOOLS:** Six pack quantity perfect for having multiple tools ready to go.

## SPECIFICATIONS

**Length:** 6.0 in. (15 cm)

**Max Working Capacity:** 2 lbs (0.9 Kg)

**Net Weight in Lbs. (Product):** 0.011 lbs (0.01 kg)

**Materials of construction:** PU and steel

## RELEVANT STANDARDS

Meets ANSI/ISEA 121-2018 standard
